PUBLISHING by SUBSCRIPTION,

Geometrical Tracts :

C O N T A I N I N G,

I. A New Work concerning the Geometrical Analysis, intituled, *The Section of Sums and Differences*. In which the Problem will be traced through all the same Loci and Cases as Apollonius does those of *The Section of Ratio and Space*.

II. An English Translation of those two Tracts of Apollonius, from Dr. Halley's Edition.

III. An English Translation of

Dr. Robert Simson's Restitution of *Determinate Section* from his Posthumous Works, lately most munificently printed at the Expence of *The Right Honourable Philip Earl Stanhope*.

N. B. This Tract alone takes up above 320 Quarto Pages in Simson's Works.

IV. Some Additional Propositions concerning Tangencies.

By JOHN LAWSON, B.D.

Rector of SWANSCOMBE in KENT.

Formerly Fellow of Sidney-Sussex College, CAMBRIDGE.

C O N D I T I O N S.

I. **T**HE Work will be comprized in one Volume Quarto on a Paper and Letter similar to that of the Author's Tracts on *Tangencies* and *Determinate Section* already published.

II. The Price to the Subscribers will be One Guinea, half thereof to be paid at the Time of Subscribing, and the Remainder on the Delivery of the Book in Boards.

III. The Names of the Subscribers will be printed.

☞ The Work is ready for the Press, and will be expedited as much as possible.

SUBSCRIPTIONS are received, and printed Receipts, signed by the Editor, are delivered by J. MURSE, in the Strand;
